

# Sending feedback files

The Learning Mall Core

## Overview:

This guide will show you how to send feedback files within Assignment activity. Then all the selected students will receive the same feedback file. It can be useful to give general feedback to a group of students.

## What to know:

The send a feedback file feature affords the user greater control over assignment feedback within modules.

## Step 5: Sending the feedback file

At the bottom of the page, you will see 'With selected' and a drop down menu to the right.

1. Within the dropdown menu go to 'Send feedback files'.
2. Click 'Go' button. This will now take you to another screen.

The screenshot shows a user interface for a submission. At the top, there is a header for a selected user: "Sandbox Student 6" with email "sdstudent6@invalid.noemail" and status "No submission". Below this, there is a "With selected..." dropdown menu. The dropdown menu is open, showing several options: "Lock submissions", "Unlock submissions", "Download selected submissions", "Remove submission", and "Send feedback files". The "Send feedback files" option is highlighted with a red box. To the right of the dropdown menu, there is a "Go" button, also highlighted with a red box. A red arrow points from the "Send feedback files" option to the "Go" button. Below the dropdown menu, there is an "Options" section with a sub-section for "Assignments per page" set to "All".

## Step 6: Adding the feedback files

Now you see the selected user(s) you are sending the files to.

Then add your specified files either through drag and drop or by searching for the file(s)

Finally click 'Send feedback files' button.
