Features Of The Suzhou Museum Cultural Studies Essay

The Suzhou Museum whose he completed in the 90th year of his life marked a victorious homecoming, crowning the practice he had for a half-century in New York.

When reputation is to be mentioned in the modern architectural field then not mentioning Pei will be considered an error, apart from being a well-known architect he also falls among the most significant architectural artists who existed in the 20th century. It is also worth noting that he is the sole world-class architect originating from China. The area
