Chenhui Li would like to draw your attention to the activity/resource Example Quiz available within the course Chenhui's Test Module.

Hello everyone. May I ask you to pay attention to our online Quiz?

An example of Notification

Overview:

This guide will show you how to send notifications to students so that they can pay attention to a certain activity on the module, especially when you created a new one.

What to know:

By the feature “Notification”, students will receive an email or get the notification message on the Learning Mall Core.

Table of Contents

[Step 1: Turn editing on](#)

[Step 2: Find the Notification button](#)

[Step 3: Choose Recipients](#)

[Step 4: Write the Message](#)

[Step 5: \[Title of step with first letter of first word capitalized\]](#)

Step 1: Turn edit mode on

Click the button on the top right to Turn edit mode on.

Step 2: Find the Notification button

Find the activity you want the students to pay attention to, then click the three-dot button behind the activity icon. From the drop-down menu, please click the “Notification” button.

Test

Receive a grade

- Edit settings
- Move
- Move right
- Hide
- Duplicate
- Assign roles
- Delete
- Notifications**

Step 3: Choose Recipients

In the setting page, choose “Recipients” of the notification.

▼ Recipients

- Students enrolled in this course (12).
- Members of selected groups/groupings:
 - Grade example
 - Group A
 - Group B
 - Group C
- Individual participants:
 - Sandbox Student 1
 - Sandbox Student 2
 - Sandbox Student 3
 - Sandbox Student 4

Hold the “Ctrl” button (or the “command” button on Mac) when you are selecting more than one groups or individuals.

If the groups or individuals you want to select are in a list, click the top one and then hold the “shift” key when you click the last one, then all the groups or individuals between them will be selected.

Step 4: Write the Message

Type in the comments as you want in the box as below.

After finishing, click “Send” to send the notification.
