An example of the Double-marking Assignment activity

Overview:

This guide will show you the marking process on Double-marking Assignment activity.

What to know:

Teachers (assessors 1 to assessor 3) and module leaders will mark the submission at different stage. Basically, assessors will mark first, and module leaders will give a final grade and comment after all the assessors have finalized the grading (it will be a little different if you are using automatic agreed grade).

Table of Contents

- Step 1: Open and view the Double-marking Assignment submission
- Step 2: Download the submissions
- Step 3: Online Marking Process
- Step 4: Offline Marking Process
- Step 5: Advanced Marking methods

Step 1: Open and view the Double-marking Assignment submission

At the top of the Double-marking Assignment page, teachers and module leaders will be able to see the summary form. However, teachers will only be able to see the allocated students' status. Module leader will see all students' information.

Step 3: Online Marking Process

Things you need to know before starting marking on the Double-marking Assignment activity:

1. As the screenshot below shows, module leader will be able to see all the students' Double-marking Assignment. Teachers will only see the students' submissions that are assigned to them (Click to see [How to allocate assessors](#)).
2. The submission needs to be finalized to allow assessor(s) grade. If the submission is not finalized, the teacher won't see the " [New feedback](#) " button for marking.
3. Assessor 2 can start to mark any time and doesn't need to wait for assessor 1 to finish.
4. The module leader needs to input the final feedback by clicking the " [Add final feedback](#) " link. (Module leader role can be assigned to the teacher depends on the needs in the department.)

Step 4: Offline Marking Process

The offline marking process should be done under the control of module leaders. Teacher role or assessors will not have the permission to do it on LM Core. The following is the instruction for module leaders who will support to do the off-line marking.

1. Download the grading sheet:
