Step 1: Open and view the Double-marking Assignment submissionStep 2: Unfinalise the submissionStep 3: The change of submission status

Step 1: Open and view the Double-marking Assignment submission

On the Double-marking Assignment page, if you enabled "extension" setting, you will be able to see<u>"new extension"</u> button for each student after the deadline:

Find the student's information arrow, and then change the date and time for the new extension, then click "save" button:

If the student hasn't made any submission, they will be able to submit now after the teacher gave him extension. But if the student has already made submission, and he just want to make updates, teachers will have to do one more step. Please go to *Step 2* as below.

## Step 2: Unfinalise the submission

Click the "Unfinalise" link for this student's submission, that is under the submitted files:

					•	
First name ≑ / Last name ≑ Email ≑	ID number	🗧 Status	Filename / File ID	Submission date	Feedback and Grading	Provisional grade 🕢

Now, you can inform the student to edit the submission or resubmit before the new deadline.

## Step 3: The change of submission status

Before the new extension expire, the student's assignment status will be 'Submitted'', that means this student will be able

to edit his or her submission. But after the new extension expired, the Status will automatically be changed to "*Ready to grade*" (show as above screenshot in step 2) and students will not be able to edit their submissions.
