An example of hiding initial grading to assessors

## Overview:

This guide will show you how to prevent teachers to see other's marks before their marking is completed. This feature will reduce the initial grades influence to later assessors.

## What to know:

This function is available for Coursework activity which is set to allow more than 1 assessors:

## Table of Contents

[Step 1: Find the Coursework activity](#)

[Step 2: Open the editing page](#)

[Step 3: Change the setting](#)

### Step 1: Find the Coursework activity

Please go to your module page, enable Edit mode, and then find the coursework activity you want to change the setting:

The screenshot shows the Learning Mall Core interface. At the top, there is a navigation bar with the 'LEARNING MALL CORE' logo, 'Dashboard', 'My courses', and 'More' options. On the right side of the top bar, there are icons for search, notifications, and a user profile, followed by a 'CL' dropdown and an 'Edit mode' toggle switch, which is highlighted with a red box and a red arrow pointing to it.

## Step 2: Open the editing page

Click the "Three dots icon"->"Edit settings"

The screenshot shows the Learning Mall Core interface with 'Topic 2' selected. A context menu is open on the right side, with the 'Edit settings' option highlighted with a red box and a red arrow pointing to it. Other options in the menu include 'Move', 'Move right', 'Hide', 'Duplicate', 'Assign roles', 'Delete', and 'Notifications'.

## Step 3: Change the setting

In the marking workflow section, the option of "view initial assessors grades" should be "No". If not, please change it to "No":

## ▼ Marking workflow

Number of times  
each submission  
should initially be  
marked.
