Step 7: Naming your Rubric

You will have to name your Rubric, much in the same manner as you named the Assignment activity initially.

Name **Rubric**

Description

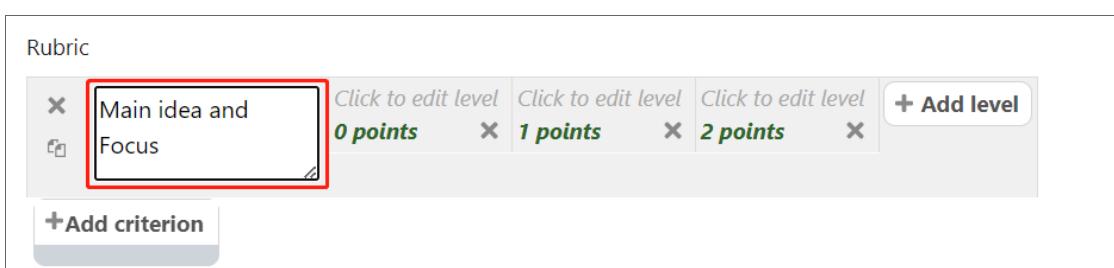

Step 7: Defining your Rubric

1. Provide a name for the Rubric Criteria.
2. Add criteria descriptions and points, also add level, delete, move, and duplicate

Rubric

Main idea and Focus	Click to edit level	Click to edit level	Click to edit level	+ Add level
	0 points	1 points	2 points	

+Add criterion

Rubric		Delete criteria level			Add level for additional criteria items			
<input checked="" type="checkbox"/>	Main idea and Focus	No clear idea 1 points	<input checked="" type="checkbox"/>	No main story element 2 points	<input checked="" type="checkbox"/>	Clear story element 3 points		
<input type="button" value="Delete"/>	<input type="button" value="Move"/>	<input type="button" value="Copy"/>			<table border="1"><tr><td>Skillful</td></tr><tr><td>4 point s</td></tr></table>	Skillful	4 point s	<input type="button" value="+ Add level"/>
Skillful								
4 point s								

Step 8: Adding negative points to your rubric

You can add negative points to your rubric, for example, if your students submit after the deadline, you have the ability to penalise them, so that their final grade reflects this. Please note you will also have to add a criteria description that does not negatively affect their score for example '0'.

	1 points	2 points	3 points	
 				
   	Late Submission	3-5 days late -3 points	1-3 days late -2 points	On time 0 points

Step 9: Saving the Rubric

Once you have completed your rubric, go down to the 'rubric options', decide which ones are applicable for your needs, then save the rubric and make it ready.

Note: it's advisable to leave the 'Calculate grade having a minimum score of the minimum achievable grade for the rubric' ticked, as unticking this option could affect your rubric in a significant and often negative manner.

Step 9: Using the rubric criteria

Here is an example of the rubric.

Note: when you are grading with your rubric you are obliged to select a rubric item from each criteria, none can be omitted, therefore if you believe that a student has not met an expectation please factor this in to your rubric items/descriptions when you are designing it ie. creating a description with 'not met' and applying a '0' grade for that item.

The screenshot shows a Moodle assignment page for 'Chenhu's Test Module' with the assignment title 'Test Rubric'. The student is 'Sandbox Student 1' with the email 'sdsstudent1@invalid.noemail'. The due date is '18 September 2023, 12:00 AM'. The rubric is displayed on the right, with a red box highlighting the 'Main idea and Focus' and 'Plot & Narrative Devices' sections. The rubric table has three columns: 'Main idea and Focus', 'Plot & Narrative Devices', and 'Late Submission'. The 'Main idea and Focus' section has three rows: 'No clear main story', '1 elem ent', and 's poin t'. The 'Plot & Narrative Devices' section has three rows: 'No clear main story', '1 elem ent', and 's poin t'. The 'Late Submission' section has three rows: '3-5', '1-3', and 'On'.

Main idea and Focus	Plot & Narrative Devices	Late Submission
No clear main story	No clear main story	3-5
1 elem ent	1 elem ent	1-3
s poin t	s poin t	On
