### Step 7: Defining your Rubric

		<b>0 points</b>		<b>1 points</b>		<b>2 points</b>	

[+Add criterion](#)

## Step 8: Adding negative points to your rubric

You can add negative points to your rubric, for example, if your students submit after the deadline, you have the ability to penalise them, so that their final grade reflects this. Please note you will also have to add a criteria description that does not negatively affect their score for example '0'.

	1 points	2 points	3 points
<b>Late Submission</b>	3-5 days late -3 points	1-3 days late -2 points	On time 0 points

## Step 9: Saving the Rubric

Once you have completed your rubric, go down to the 'rubric options', decide which ones are applicable for your needs, then save the rubric and make it ready.

**Note:** it's advisable the you leave the 'Calculate grade having a minimum score of the minimum achievable grade for the rubric' ticked, as unticking this option could affect your rubric in a significant and often negative manner.

**Rubric options**

Sort order for levels: Ascending by number of points

- Calculate grade having a minimum score of the minimum achievable grade for the rubric?
- Allow users to preview rubric (otherwise it will only be displayed after grading)
- Display rubric description during evaluation
- Display rubric description to those being graded
- Display points for each level during evaluation
- Display points for each level to those being graded
- Allow grader to add text remarks for each criterion
- Show remarks to those being graded

## Step 9: Using the rubric criteria

Here is an example of the rubric.

Note: when you are grading with your rubric you are obliged to select a rubric item from each criteria, none can be omitted, therefore if you believe that a student has not met an expectation please factor this in to your rubric items/descriptions when you are designing it i.e. creating a description with 'not met' and applying a '0' grade for that item.

The screenshot shows a web-based grading interface. On the left, an essay titled "Features Of The Suzhou Museum Cultural Studies Essay" is displayed. The essay text discusses the legacy of the ancient canal city of Suzhou and its gardens, mentioning Marco Polo and the impact of high walls. It also mentions the classical Suzhou garden as a microcosm of the world and the work of Ming Pei. On the right, a rubric table is visible, with a red box highlighting the "Main idea and Focus" and "Plot & Narrative Devices" sections. The rubric table has columns for "No clear idea", "No main story", "Clear story", and "Skillful element". The "Main idea and Focus" row shows scores of 1, 2, 3, and 4. The "Plot & Narrative Devices" row shows scores of 2 and 3. At the bottom right, there is a "Late Submission" section with a score of 3-5 and a status of "On".
