Advanced Grading

Click on the name of the group to access a more advanced grading interface where you can see student responses, calculated scores and manually revise scores if needed. Please note that the final scores for each student will only appear once the group has been graded either by quick grading or inputting the grade and saving changes in the 'Tutor Grading' tab.

Student responses are presented in a table under the 'Peer Submission and Grades' tab where individual rows show grades awarded by each student and individual columns show which student received these grades.
