

# Additional resource - Enable Completion tracking on the module

An example of Completion Tracking

### Overview:

This guide will show you how to enable the completion tracking on your module.

Please refer to the [Level-up information portal](#) for an example of the tool and best practices.

### What to know:

Completion tracking can be enabled or disabled by teachers. Students will see a tick after the activity if their action meets the requirements, such as watched the video.

Enabling Completion Tracking will also help Level-Up to track student activities:
