Overview:

This guide will show you how to add the level-up block to your module page. Please refer to the [Level-up information portal](#) for an example of the tool and best practices.

What to know:

Level-up is a function of block which you may not be able to find on the activity list.

Table of Contents

[Step 1: Turn editing on](#)

[Step 2: Add a Level-Up block](#)

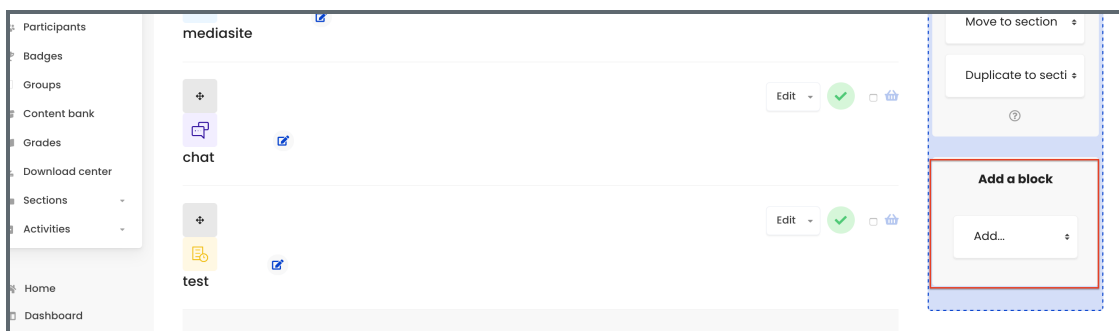

Step 1: Turn editing on

Click the button "Turn editing on"

Step 2: Add a Level-Up block

On the right side of the module page, there should be a block called "Add a block". Please click the drop down button and add the "Level up" block on your module.

Add a block

Basic steps about using Level-Up to gamify your page:

1. [Enable Completion tracking on the module](#)
2. [Add the level up Block](#)
3. [Define activity Completion](#)
4. [Define the levels in level up setting](#)
5. [Create badges - Level up](#)
6. [Define Experience Point rules - Level Up](#)
