The screenshot shows a module management interface for 'Chenhui's Test Module'. At the top, there are tabs for Course, Settings, Participants, Grades, Reports, and More. The 'More' tab is currently selected. Below the tabs, a red box highlights the 'Import' button. A numbered list at the bottom indicates the steps: 1. Course selection ► 2. Initial settings ► 3. Schema settings ► 4. Confirmation and review ► 5. Perform import ► 6. Complete. A large box labeled 'Find a course to import data from:' contains a table with two rows. The table has columns for 'Course short name' and 'Course full name'. The first row shows 'Online Learning and Teaching Support' under both columns. The second row shows 'Turnitin Check AY23/24' under 'Course short name' and 'Turnitin Check AY23/24' under 'Course full name'.

An example of importing Question Bank

Overview:

This guide will show you how to import Question Bank from another module page on Learning Mall, without importing any quiz activities.

If you have already importing activities and resources from a module, then the Question Bank of that module is imported by default. So you do not need to import Question Bank separately.

What to know:

Teachers can import Question Bank of previous modules on Learning Mall into a new module. Question Bank is a place in the module page where all the questions for quiz activities are saved. The questions in the Question Bank can be reused in other quiz activities.

Table of Contents

- Step 1: Click 'Import' function
