An example of importing activities and resources

Overview:

This guide will show you how to import the activities and resources from another module page on Learning Mall.

What to know:

Teachers can import the activities and resources of previous modules on Learning Mall into a new module.

Table of Contents

[Step 1: Click 'Import' function](#)

[Step 2: Search for the module](#)

[Step 3: Choose the module](#)

[Step 4: Go next](#)

[Step 5: Choose the imported activities and resources](#)

[Step 6: Confirm the activities](#)

[Step 7: Finish importing](#)

Step 1: Click 'Import' function

1. Click the Editing icon at the top right corner of the module page.
2. Click 'Import' option in the dropdown menu.

The screenshot shows the 'CET Test Module' page in the XJTLU Learning Mall. On the left is a navigation sidebar with options like 'Participants', 'Groups', 'Content bank', 'Grades', 'Sections', and 'Activities'. The main content area is titled 'CET Test Module' and includes sections for 'Welcome!', 'Module handbook and other important resources', 'Announcements', and 'Attendance'. A settings dropdown menu is open, showing options such as 'Edit settings', 'Course completion', 'Gradebook setup', 'Outcomes', 'Import', 'Recycle bin', 'Reminders', and 'More...'. The 'Import' option is highlighted with a red box. A 'Turn editing on' button is visible in the top right corner of the settings menu.

Step 2: Search for the module

Type in the name of the module where you want to import the content from. Then, click 'Search' button.

The screenshot shows the 'CET Test Module' import interface. At the top, there are progress steps: '1. Course selection', '2. Initial settings', '3. Schema settings', '4. Confirmation and review', '5. Perform import', and '6. Complete'. The main heading is 'Find a course to import data from:'. Below this, it states 'More than 10 courses found, showing first 10 results'. A table lists the search results:

Course short name	Course full name
<input type="radio"/> PGC404 Workshop - Emerging Models of TEL: Theory and Practice in Technology-Enhanced Learning	PGC404 Workshop - Emerging Models of TEL: Theory and Practice in Technology-Enhanced Learning
<input type="radio"/> 第六届西浦全国大学教学创新大赛	第六届西浦全国大学教学创新大赛

Below the table, there is a text input field containing 'Yezi' and a 'Search' button, both highlighted with red boxes. A message below the input field reads: 'There are too many results, enter a more specific search.'

Step 3: Choose the module

Choose the module you will import the content from. Then click 'Continue' button.
