Step 4: Matching Your Scans

Now that you have uploaded your scans you can match the assignment scans to the template question structure.

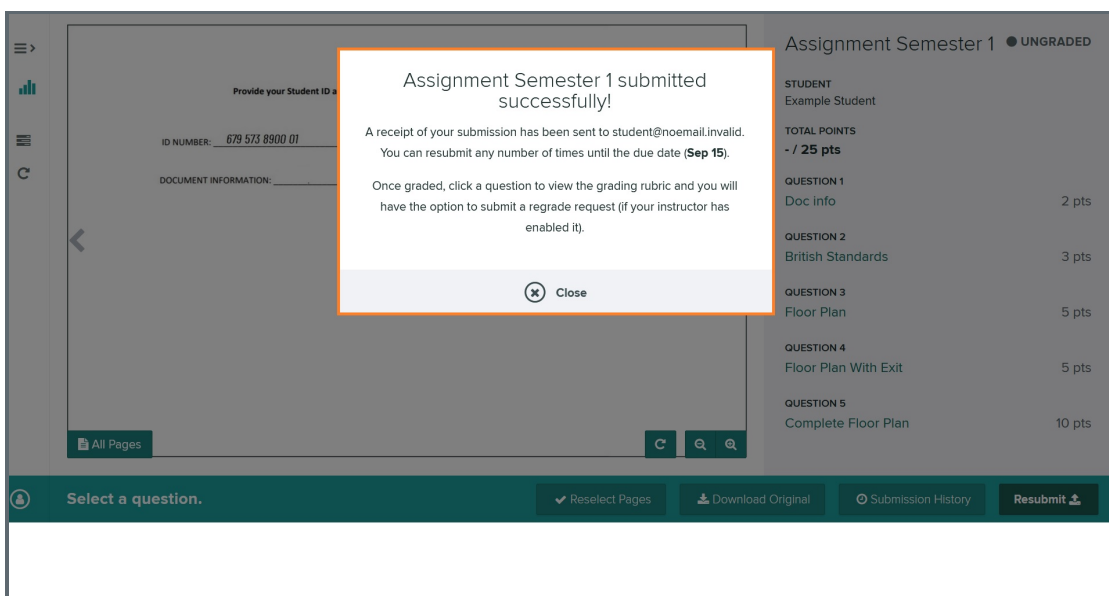

1. Click on the document image then click on the 'Question Outline' on the left of your screen do this until you have matched all of the scans to the outline.
2. Now that all of the scans are matched and you are satisfied simply click the 'Submit' button'.

Step 5: Submission Complete

Now you will see that you have completed your submission successfully.

Tips:

Ensure that you match your submission to the 'Question Outline' in the correct manner as this will enable the marking of your submission to be completed in the most efficient manner possible.
