An example of the Group Members activity

Overview:

This guide will show you how to create a Group Members activity.

What to know:

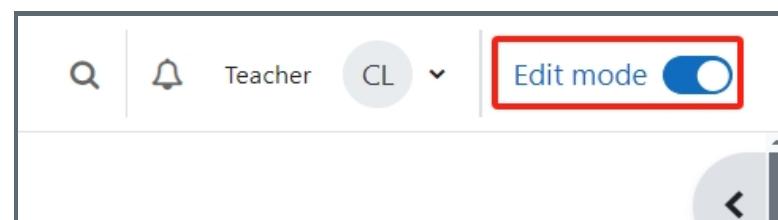

Group Member activity allows students to view the group members of their own team.

Table of Contents

- Step 1: Turn on editing mode in your module area/course
- Step 2: Click the 'Add an activity or resource' link
- Step 3: Choose the Group Members activity
- Step 4: Provide an activity name
- Step 5: Setting of the Group Member activity
- Step 6: Save
- Step 7: Student view

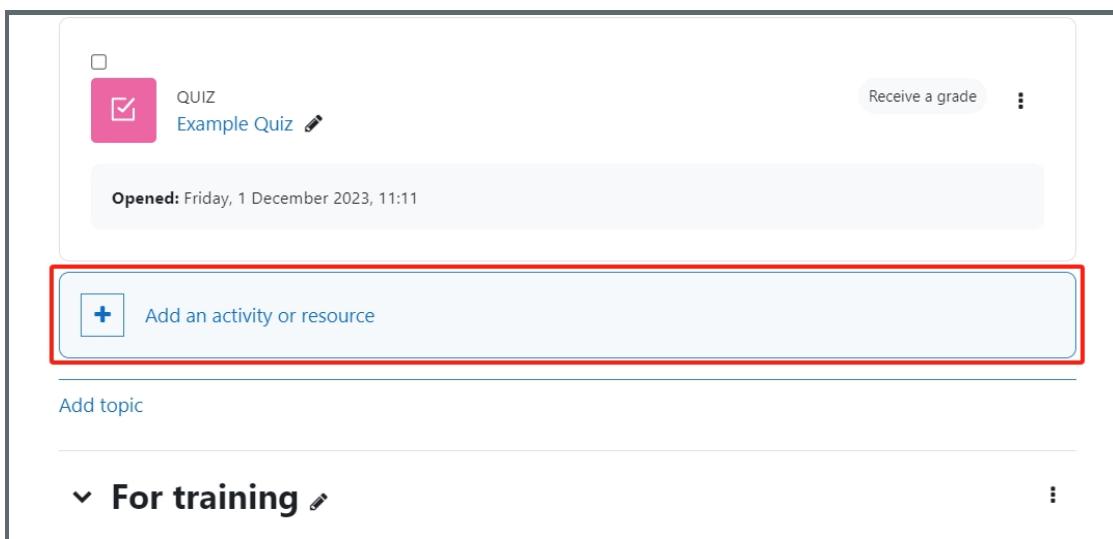

Step 1: Turn on editing mode in your module area/course

Click the 'Turn editing on' button displayed near the upper right of the module area/course.

Step 2: Click the 'Add an activity or resource' link

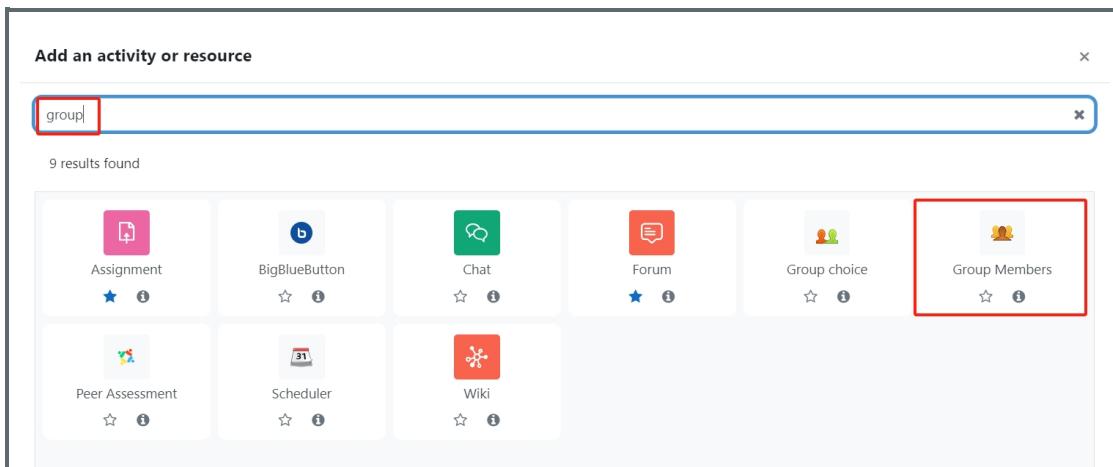

1. When editing mode is turned on, navigate to the section where you want to add the [xxxx] activity.
2. Next, click the 'Add an activity or resource' button displayed at the bottom of the section.

The screenshot shows a Moodle quiz editing interface. At the top, there is a quiz card for 'Example Quiz' with a 'Receive a grade' checkbox and a three-dot menu. Below the card, a message says 'Opened: Friday, 1 December 2023, 11:11'. A red box highlights the 'Add an activity or resource' button, which has a plus sign icon and is located in a box with rounded corners. Below this button is a 'Add topic' link. At the bottom of the screen, there is a section titled 'For training' with a dropdown arrow and a three-dot menu.

Step 3: Choose the Group Members activity

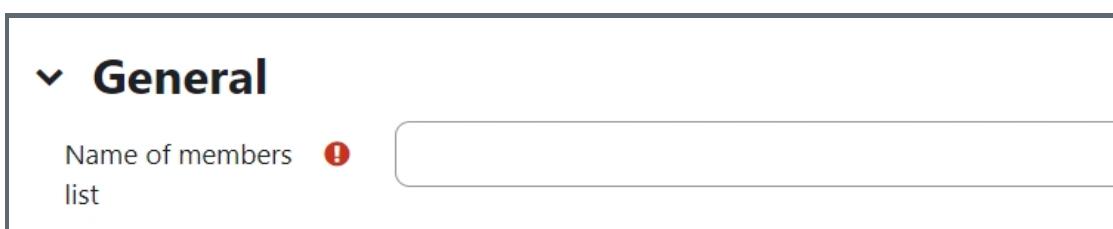

1. From the pop-up activity chooser window, search and select the Group Members activity.
2. Then it jumps to the setting of the activity.

The screenshot shows a 'Add an activity or resource' pop-up window. In the search bar, the word 'group' is typed. Below the search bar, it says '9 results found'. A grid of activity icons is displayed, with the 'Group Members' icon highlighted with a red box. The other activities shown are Assignment, BigBlueButton, Chat, Forum, Group choice, Peer Assessment, Scheduler, and Wiki. Each activity icon has a star and an information icon below it.

Step 4: Provide an activity name

Provide a name of the Group Members

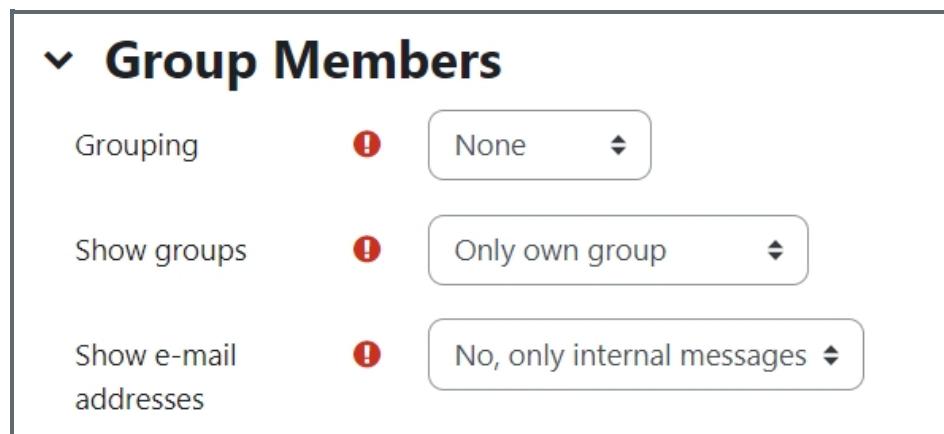

The screenshot shows the 'General' settings for the 'Group Members' activity. The section is titled 'General' with a dropdown arrow. Below the title, there is a field labeled 'Name of members list' with an exclamation mark icon. The entire 'General' section is enclosed in a red box.

Step 5: Setting of the Group Members activity

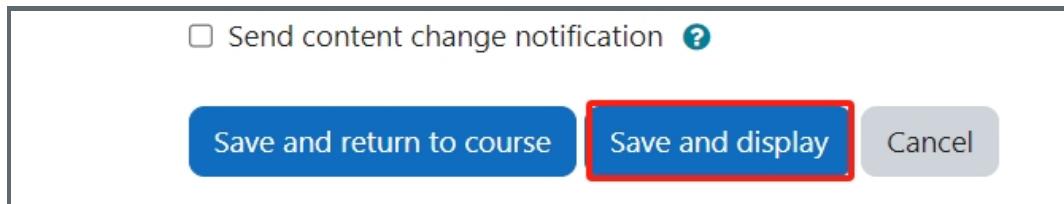

In 'Group Members' setting, please set up the followings:

1. 'Grouping' : Grouping is a collection of groups. If you use grouping for the group project, please choose the grouping you use.
2. 'Show groups' : 'All groups of grouping' -- show the group members of all students. 'Only own group' -- only show the group members of the students' own groups.

Step 6: Save

Click 'Save and display' button to save it.

Step 7: Student view

Then, when students click into the Group Member activity, they can see the group members of them.
