An example of releasing grades

Overview:

This guide will show you how to release all the students' grades and feedback in assignment activity.

What to know:

You will have to enable the "Marking workflow" first in the setting area of Assignment. The bulk releasing feature is useful to control and manage the grades before moderation.

Step 2: Show All the Students In The Submission List

Scroll down to the bottom of the filter area, and select "All" for the "Assignment per page"

Step 3: Select all students

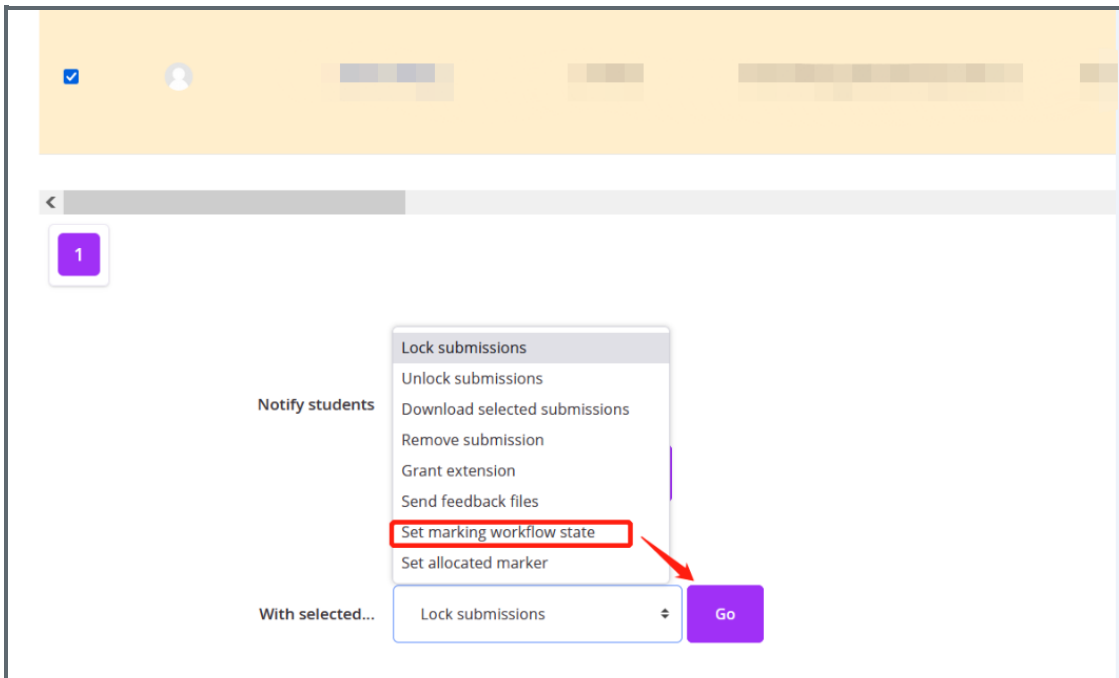

Scroll up to the top of the table, and tick the square to select all the students. (if you only want to release some of them, you will need to tick them one by one, or you can filter by groups)

The image shows a table with columns: Select, User picture, First name / Surname, ID number, Email address, Department, and Status. The 'Select' column has a checked checkbox for all three visible rows. The 'Status' column shows 'No submission', 'Submitted for grading', and 'Submitted for grading'.

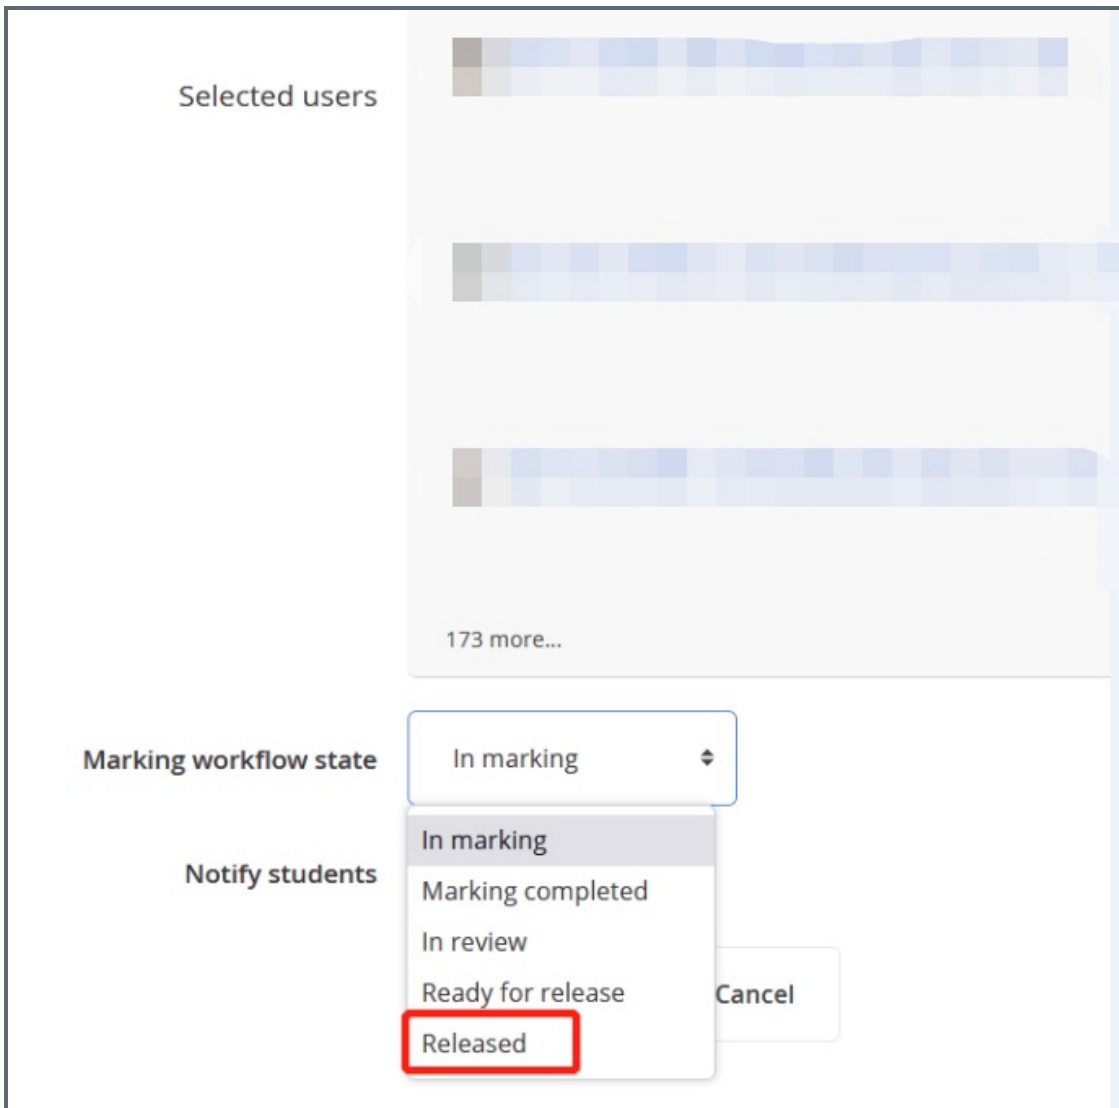

Select	User picture	First name / Surname	ID number	Email address	Department	Status
<input checked="" type="checkbox"/>						No submission Not marked
<input checked="" type="checkbox"/>						Submitted for grading Not marked
<input checked="" type="checkbox"/>						Submitted for grading 29 secs late Not marked

Step 4: Select the marking status to release

Scroll down to the bottom of the table again, and select "Choose marking workflow state"

On the new window, please change the marking state to "Released", then save changes.
