Adding files to a new module area

Overview:

This guide will show you how to manually download and migrate the module content from the previous module in AY22/23 to the new module area in AY23/24

Here is the link to the archive AY22/23 system: <https://core-archive22-23.xjtu.edu.cn>.

What to know:

You need to first enable "Download module content" function in the course level before the downloading process. Please view the guide [Download module content](#). The download and migration process can be completed in a few simple steps, and will enable you to quickly get started setting up your new module area for AY23/24.

Table of Contents

[Step 2: Enable download function](#)

[Step 3: Download the module content](#)

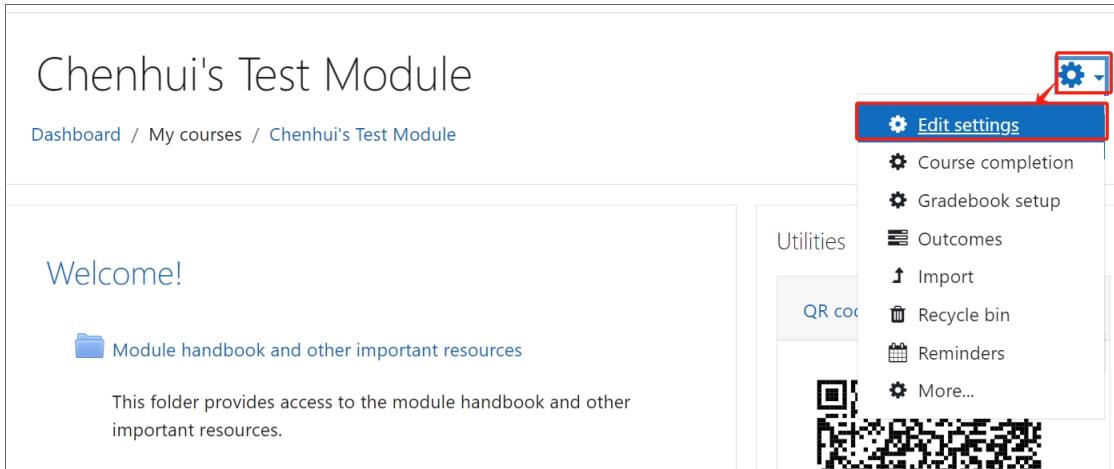

[Step 4: Click Download](#)

[Step 5: Locate the Downloaded ZIP File](#)

[Step 6: Unzip the ZIP File](#)

Step 1: Access the previous module area in AY22/23

Access your previous AY22/23 module area. Then click the cogwheel button at the upper right corner and hit "Edit settings".

Step 3: Download the module content

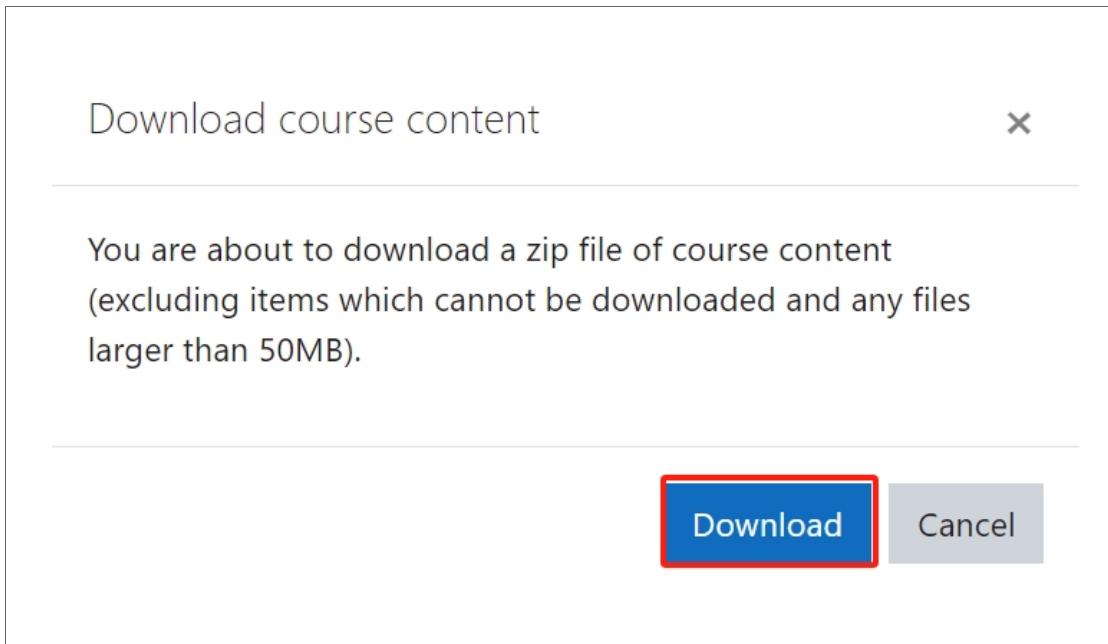

Click the cogwheel button at the upper right corner and hit "Download module content".

The screenshot shows a Moodle course page titled "Chenhui's Test Module". In the top right corner, there is a cogwheel icon with a dropdown menu. The menu items are: "Edit settings", "Course completion", "Gradebook setup", "Outcomes", "Import", "Recycle bin", "Download course content" (which is highlighted with a red box and a red arrow pointing to it), "Reminders", and "More...".

Step 4: Click Download

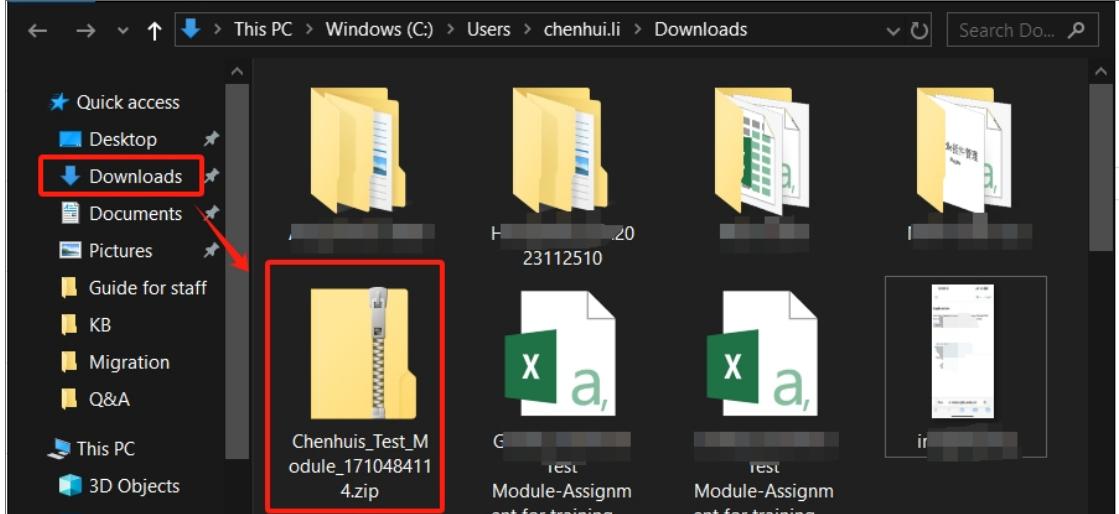

In the pop up window, click Download button to proceed.

The screenshot shows a confirmation dialog box titled "Download course content". The text inside the box reads: "You are about to download a zip file of course content (excluding items which cannot be downloaded and any files larger than 50MB)". At the bottom of the dialog are two buttons: "Download" (which is highlighted with a red box) and "Cancel".

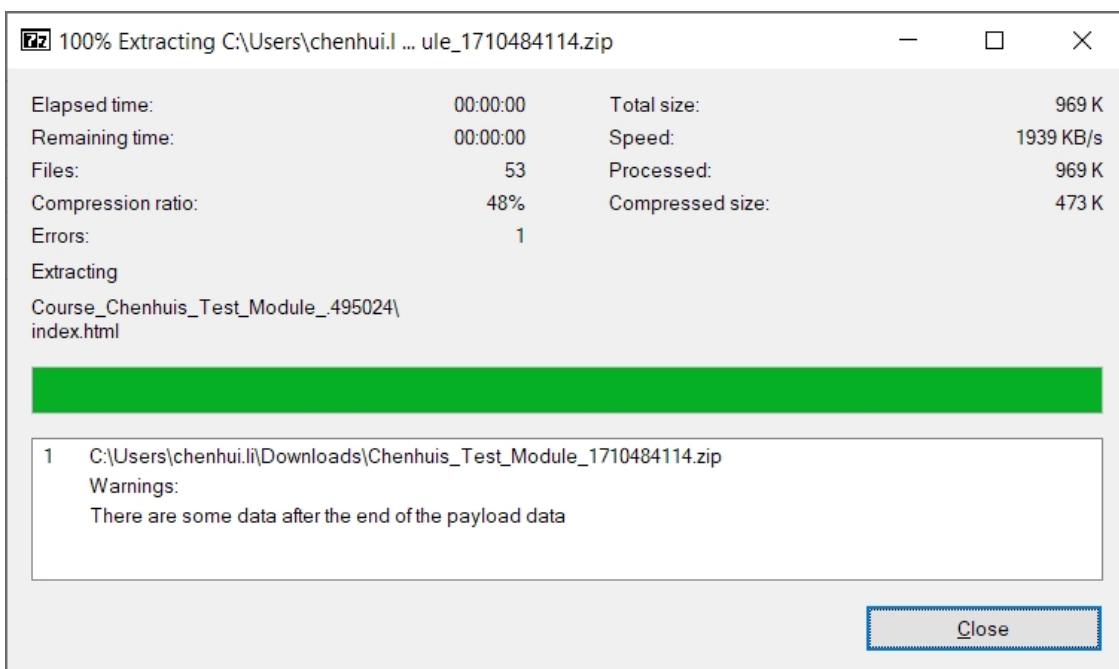

Step 5: Locate the Downloaded ZIP File

You should now find a ZIP file containing all of your module files and folders has been saved to the Downloads folder on your computer.

Step 6: Unzip the ZIP File

Unzip the downloaded file.

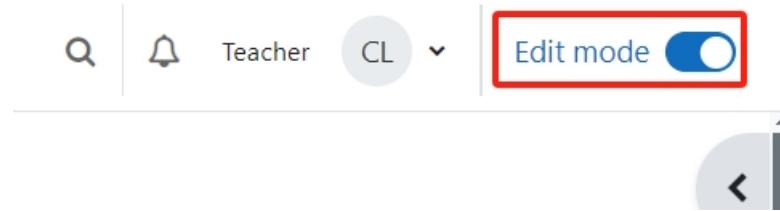

After unzipping the ZIP file, will find all of your files and folders listed.

Step 7: Access the Learning Mall Core AY23-24

Next, within your new Learning Mall Core module area, navigate to the top right hand-corner of the page and enable the 'Edit mode' button.

Step 8: Uploading Files To Your Learning Mall Core Module Area

You can now simply drag-and-drop the files and folders from your unzipped folder into the relevant section of your Learning Mall Core module area. Note that multiple files can be dragged and dropped simultaneously i.e. there is now need to drag-and-drop files one at a time).

Once complete, your files will be available to view within your module area.

Hi Roland,

Onwards below are details about the SAML-based SSO Integration - I believe mentioned that you were likely interested in adding an SSO Integration. I'm attaching a copy of Gradescope's SSO Documentation, and I can also share a link to our SAML metadata whenever you're ready to begin the SSO setup.

To get things set up one and we'll need to get your AUP metadata (via a file or URL). Please also let us know if you have preferred SAML attributes for any of the following user fields/roles:

- Email
- First Name
- Surname (last name)
- Full Name
- Any other shared userinfo identifier

Please don't hesitate to reach out if you have any questions or need any other information about the SSO Integration.

Thanks,
Held
