An example of a Scorm Package activity displayed in a Label

Overview:

This guide will show you how to export the course from Articulate Rise and embed it to a Scorm Package activity.

What to know:

After completing a course construction in Articulate Rise, you may optimise the asynchronous course and make it appealing to click via:

- embed the course in a Scorm Package activity
- insert the Scorm Package into a Label displayed as a description/ an image

Table of Contents

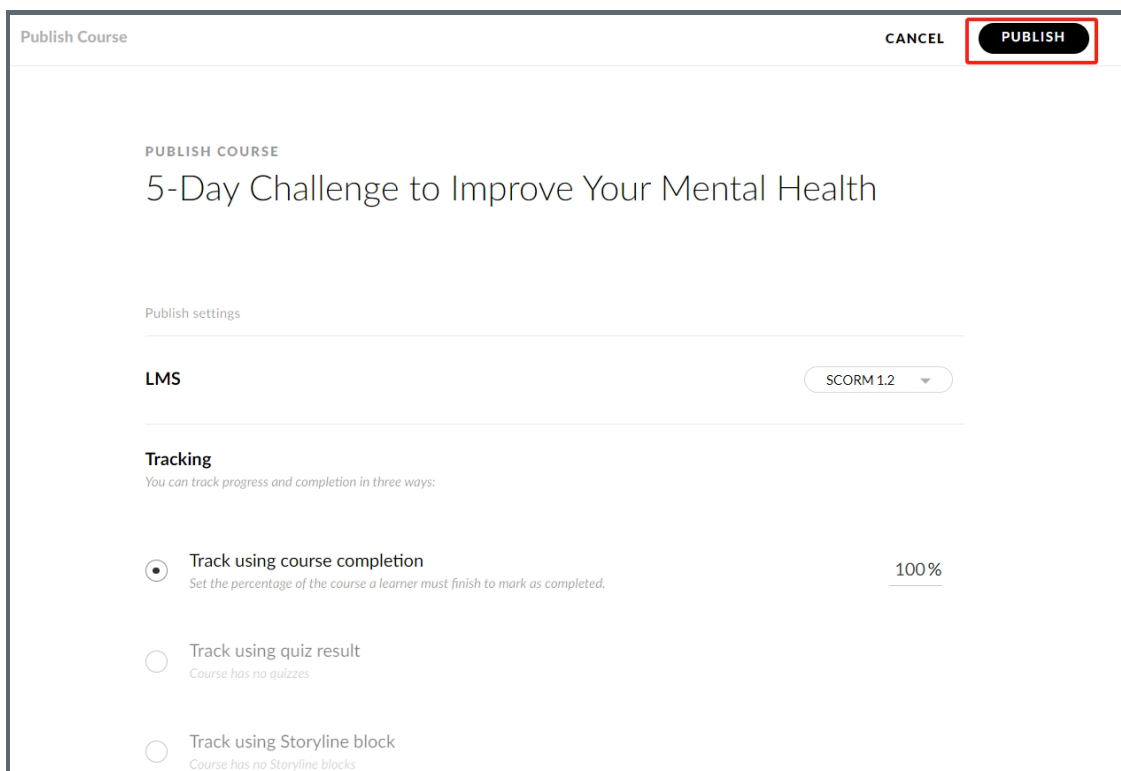

- [Step 1: Export the course from Articulate Rise](#)
- [Step 2: Create a Scorm Package activity](#)
- [Step 3: Upload the Articulate Zip file](#)
- [Step 4: Appearance setting](#)
- [Step 5: Hide the Scorm package but make it available](#)
- [Step 6: Copy the URL of the Articulate course](#)
- [Step 7: Create a Label activity](#)
- [Step 8: Add an image](#)
- [Step 9: Insert the URL as the hyperlink](#)

Step 1: Export the course from Articulate Rise

Log in to Articulate Rise and export the course concerned by clicking the 3 dot button and choosing "Publish" > "LMS".

Click "Publish" on the right corner of the page and leave the below settings as default. Then, you will receive an email with a download link from Articulate Rise. Click the link to download the scorm package.

Step 2: Create a Scorm Package activity

Add a new activity and choose "Scorm package" in the activity chooser.

Add an activity or resource

SCORM package

Step 3: Upload the Articulate Zip file

In the setting of the newly added Scorm Package, upload the exported Articulate Zip file in the "Package" setting.

Package

Package file

Maximum file size: Unlimited, maximum number of files: 1

Files

5-day-challen...

Accepted file types:
application/xml .xml
Archive (ZIP) .zip

Step 4: Appearance setting

In the "Appearance" setting, click "Show more" to expand all the conditions. Choose "Disabled" in "Display course structure in player" and untick "Display activity name", which will hide the navigation bar of the Articulate course.

Welcome to the Scorm test.

The HTML will be displayed. Please copy this HTML code and replace the URL of the Articulate course and image inserted:

```
<a target="_blank" href="URL of the Articulate course">
<p>Welcome to the induction session</p>
<p><br></p>&nbsp;
</a><br>
```
