An example of a Scorm Package activity displayed in a Label

## Overview:

This guide will show you how to export the course from Articulate Rise and embed it to a Scorm Package activity.

## What to know:

After completing a course construction in Articulate Rise, you may optimise the asynchronous course and make it appealing to click via:

embed the course in a Scorm Package activity  
insert the Scorm Package into a Label displayed as a description/ an image

## Table of Contents

- [Step 1: Export the course from Articulate Rise](#)
- [Step 2: Create a Scorm Package activity](#)
- [Step 3: Upload the Articulate Zip file](#)
- [Step 4: Appearance setting](#)
- [Step 5: Hide the Scorm package but make it available](#)
- [Step 6: Copy the URL of the Articulate course](#)
- [Step 7: Create a Label activity](#)
- [Step 8: Add an image](#)
- [Step 9: Insert the URL as the hyperlink](#)

## Step 1: Export the course from Articulate Rise

Log in to Articulate Rise and export the course concerned by clicking the 3 dot button and choosing "Publish" > "LMS".

Click "Publish" on the right corner of the page and leave the below settings as default. Then, you will receive an email with a download link from Articulate Rise. Click the link to download the scorm package.

## Step 2: Create a Scorm Package activity

Add a new activity and choose "Scorm package" in the activity chooser.

## Add an activity or resource

scorm

1 results found

### Step 3: Upload the Articulate Zip file

In the setting of the newly added Scorm Package, upload the exported Articulate Zip file in the "Package" setting.

A screenshot of a file upload interface. At the top, it says "Package" with a dropdown arrow. Below that is a "Package file" input field with a question mark icon. To the right, it says "Maximum file size: Unlimited, maximum number of files: 1". Under the input field is a "Files" section with a download icon and a "Files" button. A file named "5-day-challen..." is listed, with its icon highlighted by a red box. Below the file list is a "Accepted file types:" section with "application/xml .xml" and "Archive (ZIP) .zip".

Package

Package file

Maximum file size: Unlimited, maximum number of files: 1

Files

5-day-challen...

Accepted file types:

application/xml .xml

Archive (ZIP) .zip

### Step 4: Appearance setting

In the "Appearance" setting, click "Show more" to expand all the conditions. Choose "Disabled" in "Display course structure in player" and untick "Display activity name", which will hide the navigation bar of the Articulate course.

## Appearance

Display package

New window

Show less...

Width

100%

Height

500

Options (Prevented by some browsers)

- Allow the window to be scrolled
- Show the directory links
- Show the location bar
- Show the menu bar
- Show the toolbar
- Status

Student skip content  
structure page

Never

Disable preview  
mode

No

Display course  
structure in player

Disabled

Display course  
structure on entry  
page

No

Display attempt  
status

Entry page only

## Step 5: Hide the Scorm package but make it available

In "Common module settings", choose "Make available but not shown on the course page" in Availability. Then the Scorm package will be hidden from the students but still available in your module area.

## Compatibility settings

### Common module settings

Availability

Make available but don't show on course page

ID number

?

Force language

Do not force

Include in course  
content download

?

Yes

Group mode

?

No groups

Add group/grouping access restriction

## Step 6: Copy the URL of the Articulate course

Click the Scorm Package activity and hit the Enter button to open the course.

SCORM PACKAGE  
**Test SCORM**

SCORM package    Settings    Reports    More ▾

Preview    **Enter**

Number of attempts allowed: Unlimited  
Number of attempts you have made: 0  
Grading method: Highest attempt  
Grade reported: None

Copy the URL of the course and save it as the hyperlink for the Label activity.

### Step 7: Create a Text and media area activity

Add a Text and media area activity.

## Add an activity or resource

text

11 results found

 Assignment	 Book	 Chat
 Page	 Text and media area	 URL

### Step 8: Add an image

In the general setting of a newly added "Text and media area" activity, input the description and the image you'd like to associate with the Articulate course. Then click "insert or edit an image"

#### Adding a new Text and media area

Expand all

General

Text

Welcome to the Scorm test.

Click "Browse repositories" to upload the image.

## Step 9: Insert the URL as the hyperlink

Click the "Show/hide advanced button" in the rich text editor to expand more options. Then click "HTML".

## Adding a new Text and media area

Expand all

### General

Text

Welcome to the Scorm test.

The HTML will be displayed. Please copy this HTML code and replace the URL of the Articulate course and image inserted:

```
<a target="_blank" href="URL of the Articulate course">  
<p>Welcome to the induction session</p>  
<p><br></p>&nbsp;  
</a><br>
```

## Adding a new Text and media area

Expand all

### General

Text

Words: 5

```
1 <a target="_blank"
  href="https://core.xjtu.edu.cn/mod/scorm/player.php?
  a=102&currentorg=articulate_rise&scoid=236&sesskey=UsMC23PcIZ&display=popup&mode=normal">
2 <p>Welcome to the induction session</p>
3 <p><br></p>&nbsp;
4 </a><br>
```

The HTML part is a bit tricky. By doing this, the students will just click on the image and open up the embedded course. You could either insert the URL of the Articulate course in the word description, which is much easier. Remember to choose the text before adding a hyperlink.

## Adding a new Text and media area

Expand all

### General

Text

Now the student would just simply click on the description / the image to open up the course.

Test SCORM

Available but not shown on course page

Welcome to the induction session
