Phase-2 How to select students in FYP

An example of teacher's view in teachers' selection

Overview:

This guide will show you how to accept and refuse students in Stage-2 Teachers selection in FYP system.

What to know:

The FYP system encompasses several stages, with each stage requiring different roles to engage in distinct tasks. In the preceding stage-Phase 1,students have selected and ranked teachers. In the current Phase 2, teachers will make selection based on student preferences. This phase involve multiple rounds of teacher selections. For instance, in the 1st round, teachers will be presented with students who have ranked them as their first choice. Subsequent rounds will proceed in a similar manner.

Table of Contents

Step 1: DashboardStep 2: Perform the selectionStep 3: Student reportStep 4: Automatic allocation upon round conclusion

Step 1: Dashboard

In the Dashboard view, you will find the rounds information of teacher selection.

Step 2: Perform the selection

In "Student list" tab, you will now see the students who have chosen you in the current round.

- 1. "Student introduction" will reveal the student's justification.
- 2. Click "Accept" to proceed acceptance.
- 3. Click "Refuse" to decline the current student.
- 4. If you wish to reject all the students on the current page, click "Ignore all" at the top.
