Step 3: Download the H5P function

Click the "More" button and click the "Download" option.

Step 4: Locate the downloaded H5P file

You should now find an H5P file saved to the Downloads folder on your computer.

Step 5: Access the new module in AY25/26

Access your new module area for the new academic year AY25/26 and click the Content bank at the course-level menu.

Step 6: Access the Content bank in the new module

Next, click the Upload button in the content bank of your new module.

Step 7: Uploading H5P files to the Content bank

You can now simply drag-and-drop the downloaded H5P file into the pop-up dialogue Note that multiple files can not be dragged and dropped simultaneously. You only can upload one file at a time. Then click Save Changes.

Once complete, please click Content bank folder to view all the H5P functions listed, including the uploaded file.

Tips: Please note that the migration process for H5P file can only be processed one function at a time. There is no bulk migration for H5P content migration.
