

How to download and migrate the question bank from modules in AY24/25 to new module areas in AY25/26

387 Ping Zhang Thu, Jun 26, 2025 Module management

3923 0

The screenshot shows a user interface for managing a module. At the top, there are tabs: Course, Settings, Participants, Grades, Reports, and More. The 'More' tab is currently selected. Below the tabs, there is a button labeled 'Import' with a dropdown arrow. A progress bar indicates that 'Parsing questions from import file.' is in progress, and 'Importing 15 questions from file' is also in progress. Below the progress bar, four question items are listed: 1. Test essay question 1, 2. Test essay question 2, 3. Please match the translations, and 4. Among the following options, which one does not qualify as a legal Python identifier?

The example of imported questions in the Questions Bank

Overview:

This guide will show you how to export questions from the AY24/25 Question bank to the AY25/26 modules for use on your new module page.

What to know:

It will walk you through the steps of exporting questions from your Question bank on your previous module so that you can get started recreating these activities on your new module in AY25/26.

Table of Contents

[Step 1: Accessing the question bank of AY24/25 module page](#)

[Step 2: Exporting your questions](#)

[Step 3: Choosing a file format](#)

[Step 4: Viewing your file on your computer](#)

[Step 5: Accessing the question bank in AY25/26 Module page](#)

[Step 6: Importing the questions](#)

[Step 7: Uploading to the AY25/26](#)

[Step 8: Completing the process](#)

Step 1: Accessing the question bank of AY24/25 module page

Go to your previous module page in AY24/25.

Step 6: Importing the questions

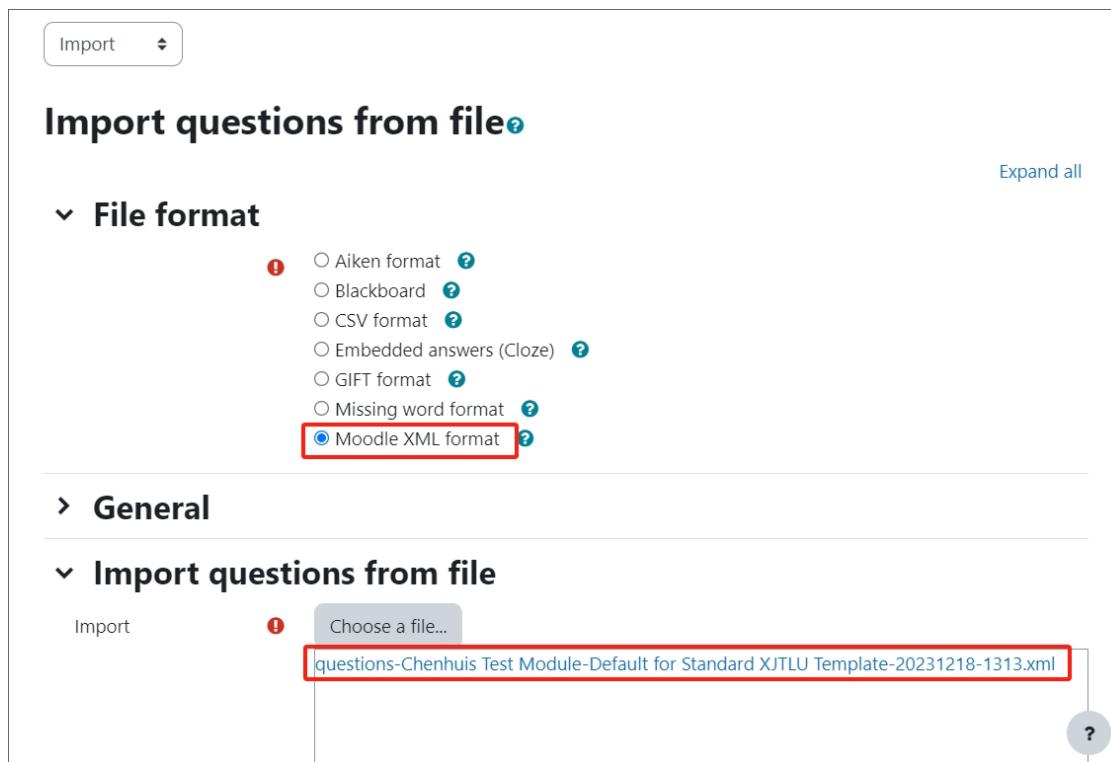

Choose "Import" in the dropdown menu.

The screenshot shows the Moodle Questions bank page. At the top, there is a navigation bar with links: Course, Settings, Participants, Grades, Reports, and More. Below the navigation bar, there is a dropdown menu with the following options: Questions, Questions, Categories, Import (which is highlighted with a red box), and Export. To the right of the dropdown menu, there is a dropdown for 'Selected category' with the value 'Default for Chenhui's Test Module (18)'. Below the dropdown, a message says 'The default category for questions shared in context 'Chenhui's Test Module''. Underneath that, it says 'No tag filters applied'. There is a 'Filter by tags...' button with a dropdown arrow. Below the filter, there is a 'Question types' dropdown set to 'Default'. Under 'Question types', there is a setting 'Show question text in the question list?' with the value 'No'. Below that, there is a 'Search options' dropdown and a checked checkbox 'Also show questions from subcategories'.

Step 7: Uploading to the AY25/26

Choose the correct file format, then drag and drop your file to upload it.

The screenshot shows the 'Import questions from file' dialog. At the top, there is a dropdown menu with the value 'Import'. Below the dropdown, the title 'Import questions from file?' is displayed. To the right of the title, there is a 'Expand all' link. The dialog is divided into sections: 'File format', 'General', and 'Import questions from file'. The 'File format' section is expanded, showing a list of options: Aiken format, Blackboard, CSV format, Embedded answers (Cloze), GIFT format, Missing word format, and Moodle XML format. The 'Moodle XML format' option is highlighted with a red box. The 'General' section is collapsed, indicated by a right-pointing arrow. The 'Import questions from file' section is expanded, showing a 'Choose a file...' button with a red exclamation mark icon. Below the button, a file path 'questions-Chenhui's Test Module-Default for Standard XJTLU Template-20231218-1313.xml' is displayed, also highlighted with a red box. At the bottom right of the dialog, there is a question mark icon.

Click Import.
