

7. How to use the Mindmap application on XIPU AI platform

An example of Mindmap

Overview:

This guide explains how to use App on XIPU AI (<https://xipuai.xjtlu.edu.cn/v3/index>) to leverage three core AI-powered tools: Mindmap, Flow, and Doc. These tools help users visualize ideas, optimize workflows, and process documents efficiently through AI automation.

What to know:

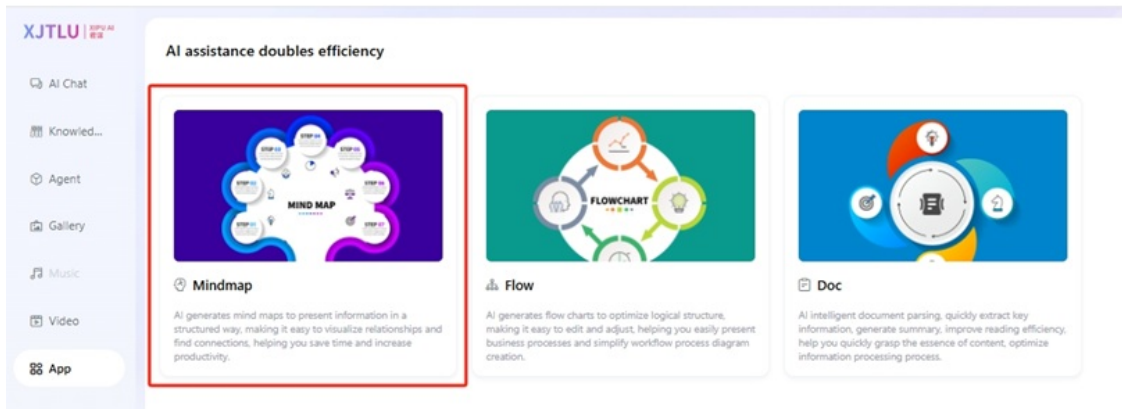

The Mindmap tool uses AI to automatically create visual mind maps from text prompts. It helps organize information into hierarchical structures and visualize relationships.
