

Assignment settings

Overview:

This guide details various settings associated with the Assignment activity.

What to know:

The Assignment activity is designed to enable a teacher to communicate tasks, collect work and provide grades and feedback.

 Please be noted that by default, your grades and feedback in the assignment will be released to your students immediately after you save the information. If you don't want to release the grades and feedback immediately, please check the user guide about [How to hide grades](#) , [How to use the marking workflow](#) or [How to hide grader identity](#).

[Assignment Grade settings](#)

[Save the settings](#)

A name for your activity

Now you come to the assignment creation page. Please complete 'assignment name'.

General

Assignment name !

Assignment Date and Time settings

Availability Setting: The 'Availability' category is settings of assignment date and time.

Availability

Allow submissions from ? ! Enable

Due date ? ! Enable

Cut-off date ? ! Enable

Remind me to grade by ? ! Enable

Always show description ?

Option 1: You can define the submission start time and deadline of your assignment. Please click 'Enable'. Then you can choose the date and start time in which ('to allow submissions from') and the deadline (due date) of the

assignment by clicking the date and time drop-down menus.

Allow submissions from	31	May	2023	00	00		<input checked="" type="checkbox"/> Enable
Due date	7	June	2023	00	00		<input checked="" type="checkbox"/> Enable

Option 2: the next options are the 'Cut-off date' and the 'Remind me to grade by'. Firstly after the 'cut-off date', students cannot upload any more files to the assignment dropbox, while they can still upload files as late submissions after 'due date'. The way to set up a cut-off date is same procedure as the previous options, set up start and end times as described above in the previous section. (Click 'Enable'. Then you can choose the date and time of 'cutoff date' of the assignment by clicking the drop down menu of date and time).

Cut-off date	31	May	2023	11	24		<input checked="" type="checkbox"/> Enable
Remind me to grade by	14	June	2023	00	00		<input checked="" type="checkbox"/> Enable

Assignment Submission Type, and Size settings

Submission type and size settings: This section will provide you with details about assignment submission type, and size settings.

Assignment activity allows students to submit files, e-portfolio pages from Mahara/Connect system (More information), and videos/audios.

Submission types

Submission types	<input type="checkbox"/> Mahara portfolio	<input checked="" type="checkbox"/> File submissions	<input type="checkbox"/> Video Assignment	<input type="checkbox"/> Online text
Site	Home - Connect @ XJTLU			
Lock submitted pages	Yes, but unlock after grading			
Maximum number of uploaded files	10			
Maximum submission size	100 MB			
Accepted file types	<input type="button" value="Choose"/> No selection			

Option 1: The number of uploaded files and maximum file size can be defined here. However, the default setting here can satisfy most the situations. If your assignment submission is bigger than 100MB, please contact us for help.

Maximum number of uploaded files	10
Maximum submission size	100 MB

Group submission settings

Assignment activity supports group submissions. It means only one group member need to submit the work and then all the group members can see the submitted work and are able to re-upload the work. Once the work is re-uploaded, all members can view the new work at the same time. Teachers' marks and feedbacks of the work are also visible to all group members.

In 'Group submission settings' section, please enable 'Yes' in 'Student submit in groups' and choose a grouping in 'Grouping for student groups'.

Assignment Turnitin settings

Turnitin is an academic plagiarism checker. It checks submission plagiarism with online resources and student submissions. It is integrated with 'The Learning Mall Core Platform' which means that when assignments are submitted, Turnitin checks the submissions automatically. The only thing you need to do is turn it on.

If you want to use Turnitin to check submission plagiarism, you need to turn it on before students submit work.

▼ Turnitin plagiarism plugin settings

 Launch Quickmark Manager

Enable Turnitin

Yes 

Display Similarity Reports to Students

Yes 

When should the file be submitted to Turnitin?

Submit file when first uploaded

Allow submission of any file type?

No 

Store Student Papers

Institutional Repository (Where Applicable) 

Note: If you do not select "Yes" for at least one of the "Check against..." options below then a Similarity report will NOT be generated.

Check against stored student papers

Yes 

Option 1: In the assignment setting page. Please click 'Turnitin plagiarism plugin settings'.

Option 2: Then, for the first option 'Enable Turnitin', change the choice to 'Yes'. And click 'save and return to module' at the button of the page to save your settings. Now Turnitin is turned on

Assignment Grade settings

The grade setting allow you to implement the criteria and manner in which you want to grade your students

▼ Grade

Grade

?

Type

Point 

Maximum grade
