Quiz - Manual grading

An example of the manual grading function

Overview:

This guide will show you how to use the manual grading function. It is a quick grading function for text-based question types. With the "Manual marking" method, you can mark the quiz based on different questions.

Table of Contents

Step 1: Access the Quiz activity

In your module area/course, click the link of the Quiz activity.
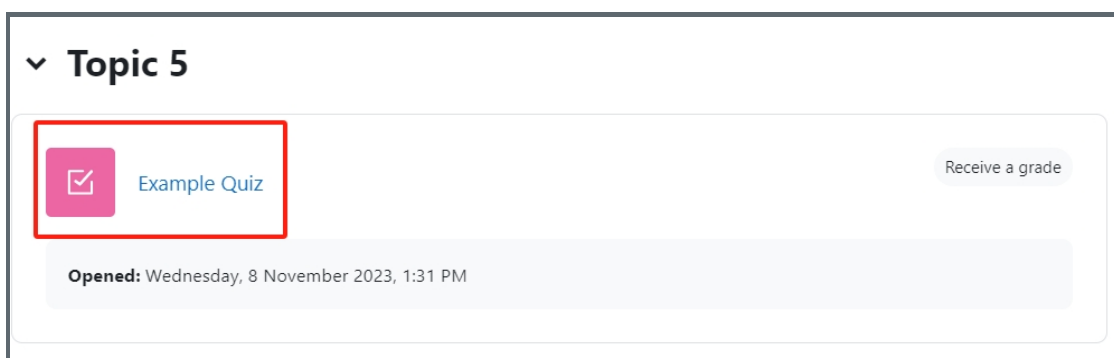

Step 2: Locate "Manual grading"

1. Click the "Results" tab.
2. Choose the "Manual grading" link in the dropdown menu.

Click on the blue links.

The table is organized with different questions, but not students. You can start marking one question for all the students by using this method.

It will be very useful when:
1. Different teachers need to mark different questions.
2. Marking the randomized questions. The system will let you know how many and who are the students taking each specific question from the question bank.
