

# Word select Question

72 Yiqun Sun Wed, Nov 15, 2023 Choice

3468 0

Select the words that are grammatically incorrect in the paragraph below by clicking on them  
In a short answer **question**, the student type in a word or phrase in response to a question  
(that may include a image). Answers **may** or may not be case sensitive. The answer could be  
a word or a phrase, but it must match one of your **acceptable** answer **exactly**. It's a good idea  
to keep the required answer as short as possible to avoid missing a correct answer that's  
phrased differently.

An example of the word select question

## Overview:

This guide will show you how to create a word select question type within the Quiz activity.

## What to know:

The word select question type allows students to select words by clicking on them. It can be a useful question type for language learning.

## Table of Contents

- [Step 1: Access the Quiz activity](#)
- [Step 2: Click the 'Questions' tab.](#)
- [Step 3: Add a new question](#)
- [Step 4: Choose a question type](#)
- [Step 5: Configure general settings](#)
- [Step 6: Add tags if needed](#)

### Step 1: Access the Quiz activity

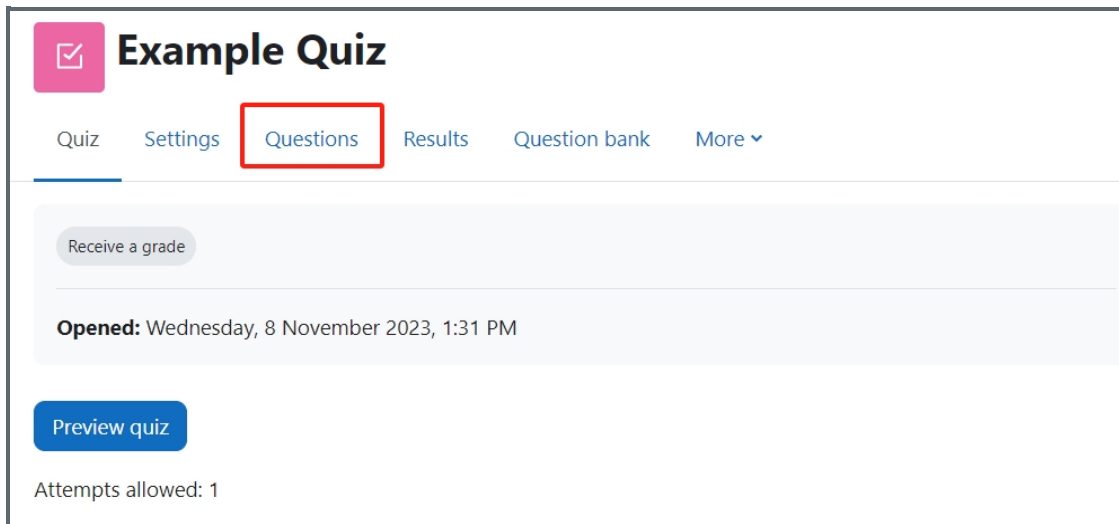

In your module area/course, click the link of the Quiz activity.

Note: If an appropriate Quiz activity doesn't exist in your module area/course, please see [How to add a Quiz activity](#) for details of how to create one.

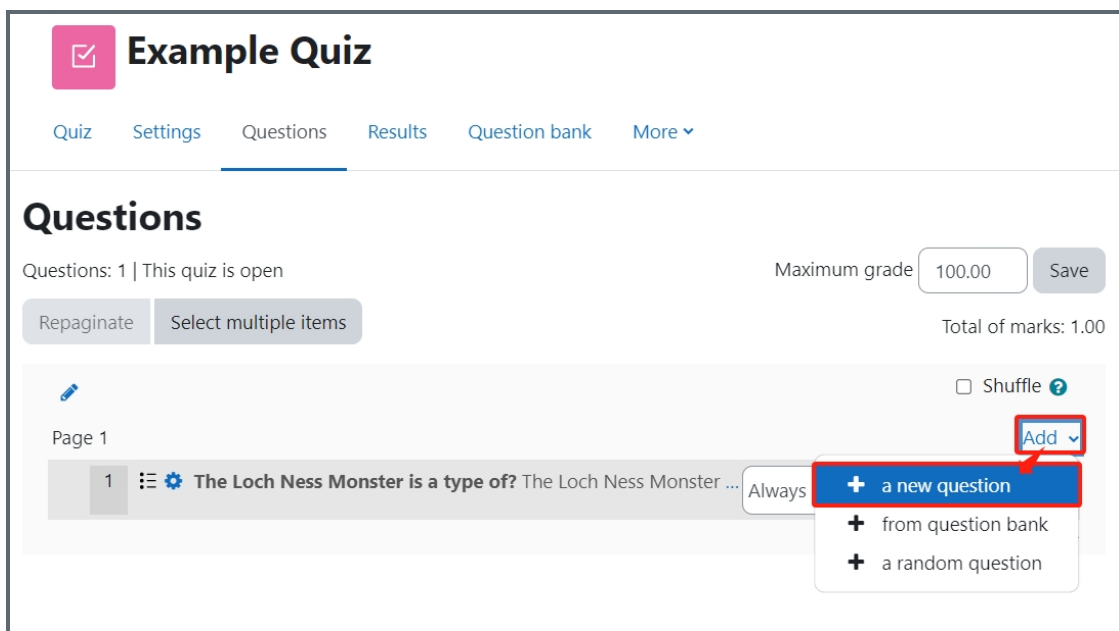

## Step 2: Click the 'Questions' tab.

1. Click the 'Questions' tab.

## Step 3: Add a new question

1. On the following page, click the 'Add' link.
2. Click the 'a new question' link in the dropdown menu.

## Step 4: Choose a question type

1. Locate and select the essay question type from the pop-up window.
2. Click the 'Add' button.

The image shows a configuration window for a question type. At the top, there are two radio buttons. The first one is selected and is labeled 'Word Select' with a small icon of a word in a box. This entire section is enclosed in a red rectangular box. Below this, there is a section labeled 'OTHER'. Under 'OTHER', there is another radio button labeled 'Description' with a small icon of a document. At the bottom right of the window, there are two buttons: a blue 'Add' button and a grey 'Cancel' button.

## Step 5: Configure general settings

### Category:

You can choose which category you would like to put your question in from the dropdown menu. If you have not created any category in your question bank, you can put the questions in the default category.

### Question name:

The question name is to help you to identify your questions. It is extremely useful when you view your questions in the question bank. It is recommended to put in enough information in the question name to help you to identify your questions quickly, especially in the question bank. A good example will be a question name like "Week1-location of XJTLU". Vague question names like "Q1" should be avoided. This section is mandatory. **Please note, students will not see the question names.**

### ID number:

Please leave it blank.

### Introduction:

This is where you put the instructions of your questions. For example, select the words that are grammatically incorrect in the paragraph below by clicking on them.

### Question text:

Question text is a place where you can put in the texts and let the system know which words students need to select by putting delemite characters around the words. Please see below an example:

In a short answer question, the student [type] in a word or phrase in response to a question (that may include [a] image). Answers may or may not be case sensitive. The answer could be a word or a phrase, but it must match one of your acceptable [answer] exactly. It's a good idea to keep the required answer as short as possible to avoid missing a correct answer that's phrased differently.

▼ **Tags**

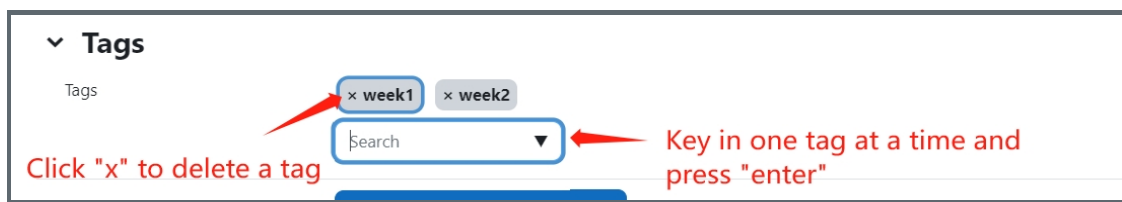

Tags

× week1 × week2

search ▼

Click "x" to delete a tag

Key in one tag at a time and press "enter"

A screenshot of a user interface for managing tags. At the top, there's a section titled '▼ Tags'. Below it, the word 'Tags' is displayed. Two existing tags, '× week1' and '× week2', are shown as small grey boxes. Below these is a search input field with the placeholder text 'search' and a downward arrow on the right. A red arrow points from the text 'Click "x" to delete a tag' to the '×' icon on the 'week1' tag. Another red arrow points from the text 'Key in one tag at a time and press "enter"' to the search input field.
