

Word select Question

Select the words that are grammatically incorrect in the paragraph below by clicking on them. In a short answer question, the student type in a word or phrase in response to a question (that may include a image). Answers may or may not be case sensitive. The answer could be a word or a phrase, but it must match one of your acceptable answer exactly. It's a good idea to keep the required answer as short as possible to avoid missing a correct answer that's phrased differently.

An example of the word select question

Overview:

This guide will show you how to create a word select question type within the Quiz activity.

What to know:

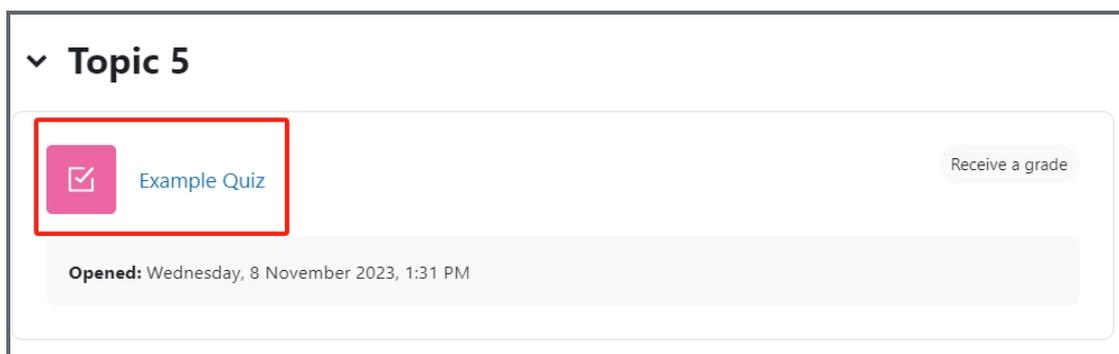

The word select question type allows students to select words by clicking on them. It can be a useful question type for language learning.

Table of Contents

- [Step 1: Access the Quiz activity](#)
- [Step 2: Click the 'Questions' tab.](#)
- [Step 3: Add a new question](#)
- [Step 4: Choose a question type](#)
- [Step 5: Configure general settings](#)
- [Step 6: Add tags if needed](#)

Step 1: Access the Quiz activity

In your module area/course, click the link of the Quiz activity.

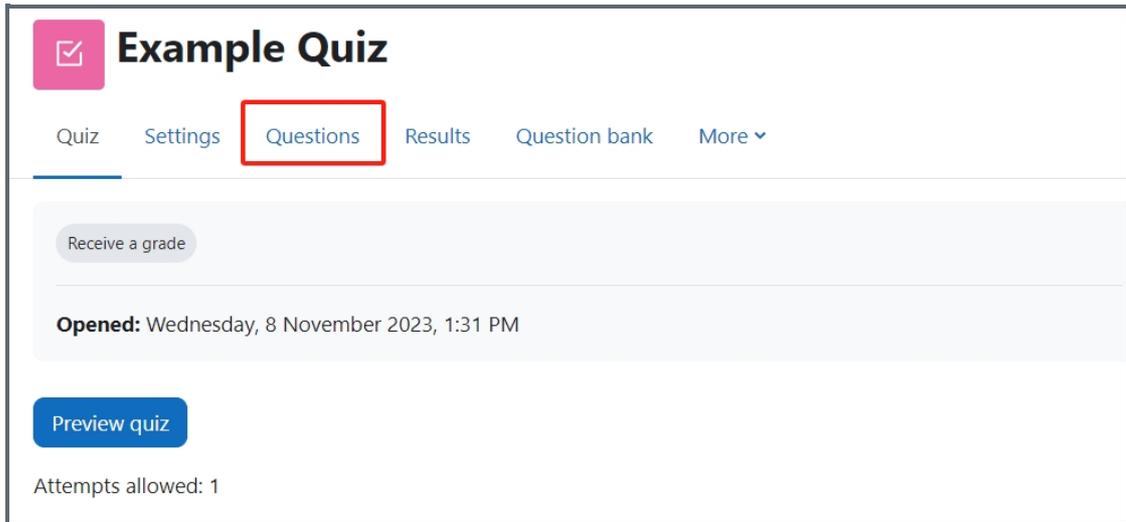

The screenshot shows a Moodle course interface. At the top, there is a section header "Topic 5" with a downward arrow. Below this, there is a quiz activity card. The card has a pink square icon with a white checkmark and the text "Example Quiz" next to it. To the right of the card, there is a button that says "Receive a grade". Below the card, there is a light gray box with the text "Opened: Wednesday, 8 November 2023, 1:31 PM".

Note: If an appropriate Quiz activity doesn't exist in your module area/course, please see [How to add a Quiz activity](#) for details of how to create one.

Step 2: Click the 'Questions' tab.

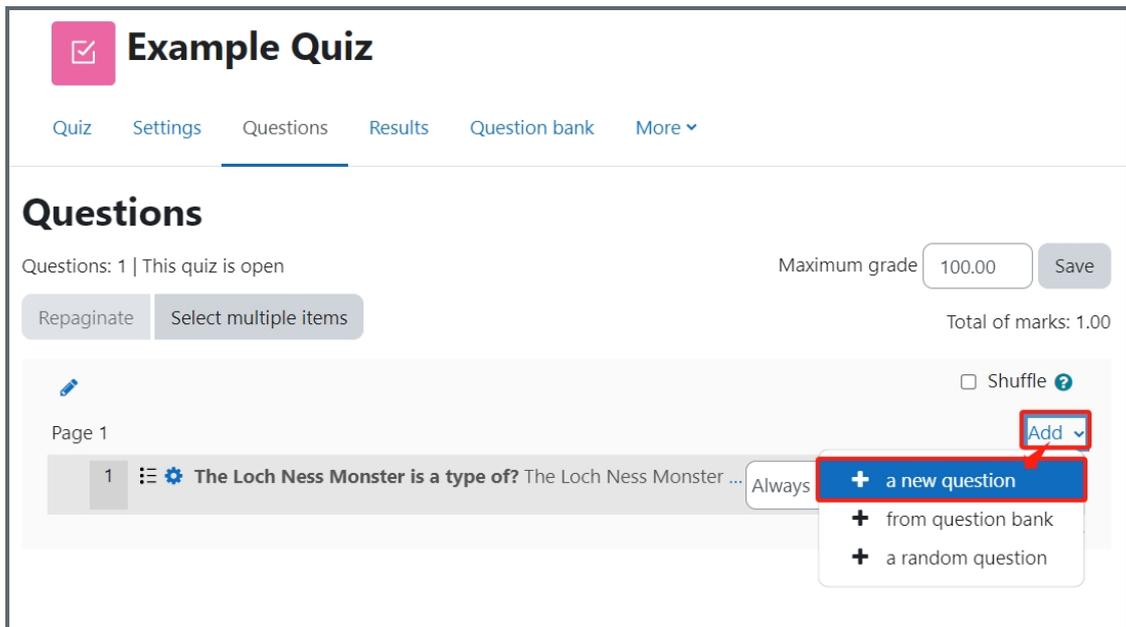

1. Click the 'Questions' tab.

The screenshot shows the 'Example Quiz' interface. At the top, there is a navigation bar with tabs: 'Quiz', 'Settings', 'Questions', 'Results', 'Question bank', and 'More'. The 'Questions' tab is highlighted with a red box. Below the navigation bar, there is a 'Receive a grade' button. Underneath, it says 'Opened: Wednesday, 8 November 2023, 1:31 PM'. There is a 'Preview quiz' button and 'Attempts allowed: 1'.

Step 3: Add a new question

1. On the following page, click the 'Add' link.
2. Click the 'a new question' link in the dropdown menu.

The screenshot shows the 'Questions' page. At the top, there is a navigation bar with tabs: 'Quiz', 'Settings', 'Questions', 'Results', 'Question bank', and 'More'. The 'Questions' tab is highlighted. Below the navigation bar, there is a 'Questions: 1 | This quiz is open' status. To the right, there is a 'Maximum grade' input field with '100.00' and a 'Save' button. Below that, there are 'Repaginate' and 'Select multiple items' buttons. To the right, there is a 'Total of marks: 1.00' label. There is a 'Shuffle' checkbox with a help icon. Below that, there is a question card with the text 'The Loch Ness Monster is a type of? The Loch Ness Monster ...' and an 'Always' dropdown. To the right of the question card, there is an 'Add' dropdown menu with a red box around it. The dropdown menu is open, showing three options: '+ a new question', '+ from question bank', and '+ a random question'.

Step 4: Choose a question type

1. Locate and select the essay question type from the pop-up window.
2. Click the 'Add' button.

The screenshot shows a configuration window for a question. At the top, there is a radio button selected next to a 'WJ' icon and the text 'Word Select'. This entire row is enclosed in a red rectangular box. Below this, the word 'OTHER' is displayed. Underneath, there is another radio button (which is not selected) next to a document icon and the text 'Description'. At the bottom right of the window, there are two buttons: a blue 'Add' button and a grey 'Cancel' button.

Step 5: Configure general settings

Category:

You can choose which category you would like to put your question in from the dropdown menu. If you have not created any category in your question bank, you can put the questions in the default category.

Question name:

The question name is to help you to identify your questions. It is extremely useful when you view your questions in the question bank. It is recommended to put in enough information in the question name to help you to identify your questions quickly, especially in the question bank. A good example will be a question name like "Week1-location of XJTLU". Vague question names like "Q1" should be avoided. This section is mandatory. **Please note, students will not see the question names.**

ID number:

Please leave it blank.

Introduction:

This is where you put the instructions of your questions. For example, select the words that are grammatically incorrect in the paragraph below by clicking on them.

Question text:

Question text is a place where you can put in the texts and let the system know which words students need to select by putting delemite characters around the words. Please see below an example:

In a short answer question, the student [type] in a word or phrase in response to a question (that may include [a] image). Answers may or may not be case sensitive. The answer could be a word or a phrase, but it must match one of your acceptable [answer] exactly. It's a good idea to keep the required answer as short as possible to avoid missing a correct answer that's phrased differently.

General

Category: Default for Chenhui's Test Module (8) ▾

Question name:

Question status: Ready ▾

ID number:

Introduction:

This is where you put the instructions of your question

Words:0

Question text:

This is where you put the selectable texts

?

General feedback:

Feedback can be given to your students at different stages of the quiz depends on how the settings are configured.

Incorrect selection penalty:

Decrement mark by this percentage for each incorrectly selected word.

Delimit characters:

Please keep the default setting, but in circumstances where programming language is used in the question, you may need to change the delimit characters.

General feedback:

This is where you put the instructions of your question

Words:0

Incorrect selection penalty: 100% ▾

Delimit characters: [] ▾

Step 6: Add tags if needed

You can put in a tag or several tags by key in the tags. Click "x" to delete a tag. Tags can help you to organize your questions in your question bank. Read more about the use of Tag from this article (link). Tags are designed for your question management purpose. It will not be displayed to students
