

Matching Question

Please match the pictures of the dogs with the names:

	<input type="text" value="Choose..."/>
	<input type="text" value="Choose..."/>
	<input type="text" value="Choose..."/>

An example of the matching question

Overview:

This guide will show you how to create a matching question type within the Quiz activity.

What to know:

The matching question type allows students to select words by clicking on them. It can be a useful question type for language learning.

Table of Contents

- [Step 1: Access the Quiz activity](#)
- [Step 2: Questions editing page](#)
- [Step 3: Add a new question](#)
- [Step 4: Choose a question type](#)
- [Step 5: Configure general settings](#)
- [Step 6: Configure answer settings](#)
- [Step 7: Add tags if needed](#)

Step 1: Access the Quiz activity

In your module area/course, click the link of the Quiz activity.

▼ Topic 5

Example Quiz

Receive a grade

Opened: Wednesday, 8 November 2023, 1:31 PM

Note: If an appropriate Quiz activity doesn't exist in your module area/course, please see [How to add a Quiz activity](#) for details of how to create one.

Step 2: Questions editing page

1. Click the 'Questions' tab.

The screenshot shows the 'Example Quiz' interface. At the top left is a pink square icon with a white checkmark. To its right is the title 'Example Quiz'. Below the title is a navigation menu with tabs: 'Quiz', 'Settings', 'Questions', 'Results', 'Question bank', and 'More'. The 'Questions' tab is highlighted with a red box. Below the navigation menu is a 'Receive a grade' button. Underneath that is the text 'Opened: Wednesday, 8 November 2023, 1:31 PM'. At the bottom left is a blue 'Preview quiz' button. Below the button is the text 'Attempts allowed: 1'.

Step 3: Add a new question

1. On the following page, click the 'Add' link.
2. Click the 'a new question' link in the dropdown menu.

Add ▾

- + a new question
- + from question bank
- + a random question

Step 4: Choose a question type

1. Locate and select the matching question type from the pop-up window.
2. Click the 'Add' button.

Choose a question type to add

QUESTIONS

- Multiple choice
- True/False
- Matching
- Short answer
- Numerical
- Essay
- All-or-Nothing Multiple Choice
- Calculated
- Calculated multichoice
- Calculated simple
- CodeRunner

The answer to each of a number of sub-question must be selected from a list of possibilities.

Add Cancel

Step 5: Configure general settings

Category:

You can choose which category you would like to put your question in from the dropdown menu. If you have not created any category in your question bank, you can put the questions in the default category.

Question name:

The question name is to help you to identify your questions. It is extremely useful when you view your questions in the question bank. It is recommended you put in enough information in the question name to help you to identify your questions quickly, especially in the question bank. A good example will be a question name like "Week1-location of XJTLU". Vague question names like "Q1" should be avoided. This section is mandatory. **Please note, students will not see the question names.**

Question text:

Question text is a place where you can put in the question or instructions. This section is mandatory. It is also possible to put images or videos in the question text.

Default mark:

This is where you put the mark of the question. You can change the mark even during and after the quiz.

The screenshot shows a 'General' configuration form for a question. It includes the following fields and controls:

- Category:** A dropdown menu with the selected value 'Default for Chenhui's Test Module (1)'. A small 'Expand all' link is visible in the top right corner of the form area.
- Question name:** A text input field with a red information icon to its left.
- Question text:** A rich text editor with a toolbar containing icons for undo, redo, text color, background color, bold, italic, underline, link, unlink, bulleted list, numbered list, indent, outdent, link, and unlink. Below the toolbar is a large text area with a 'Words:0' counter at the bottom left.
- Question status:** A dropdown menu with the selected value 'Ready'.
- Default mark:** A text input field containing the value '1' and a red information icon to its left.

A question mark icon is located in the bottom right corner of the form.

General feedback:

Feedback can be given to your students at different stages of the quiz depends on how the settings are configured.

ID number:

Please leave it blank.
