

Bulk enroll students and enroll students into groups

An video guide of the bulk enrolment

Overview:

This guide will show you how to bulk enroll students into groups.

What to know:

After students have been enrolled into the module, sometimes it is required to separate students into groups. Then the administrator can bulk enroll students into groups.

Table of Contents

- [Step 1: Click 'Participants' tab on the left menu bar](#)
- [Step 2: Choose 'User bulk enrollment' option](#)
- [Step 3: Bulk students into the module](#)
- [Step 4: Bulk enroll students into groups](#)
- [Step 5: Confirm user enrollment information](#)
- [Step 6: Display the enrolled students](#)

Step 1: Click 'Participants' tab on the course menu bar

Click 'Participants' tab on the course menu bar.

Step 2: Choose 'User bulk enrollment' option

1. In the following page, click the 'Enrolled users' option.
2. Click the 'User bulk enrollment' option at the end of the drop down menu.

Step 3: Bulk students into the module

1. Please input the student email address into the 'List of e-mail addresses' box.

Hint: One email address per line.

2. Click the 'Enrol users' button.

User bulk enrolment

Here, you can bulk enrol users to your course. A user to be enrolled is identified by his e-mail address stored in his Moodle account.
